Welcome to Our Company

Established in 2010, Reszon Diagnostics International Sdn. Bhd. ("Reszon") specializes in developing and manufacturing a suite of innovative **in vitro diagnostics (IVD) rapid test kits (RTK)**. Our primary focus is on the **diagnosis of infectious diseases and drug of abuse screening**, serving medical professionals and clinical diagnostic markets worldwide.

Our IVD rapid test kits empower medical professionals to diagnose diseases quickly and accurately, facilitating early detection and prevention. The simplicity and portability of our assays make them ideal for a wide range of settings, including remote areas and regions lacking sophisticated medical diagnostics.

For over a decade, we have honed our expertise in immunochromatographic assay development and innovation, bringing these advancements to the commercial market. Guided by our motto, "**Reasoning Possibilities in Life,**" we are dedicated to creating new opportunities to enhance human health.

Our Manufacturing Facility

At present, Reszon has manufacturing facility located in USJ Subang Jaya, Selangor where the employees to develop and produce as many test kits to healthcare workers and patients.

Looking ahead, Reszon aims to continue its expansion into new markets and develop innovative diagnostic solutions that meet the evolving needs of healthcare professionals. The results from our testing devices play a crucial role in point-of-care decision-making, influencing critical healthcare decisions for millions of people worldwide.

USJ HEADQUARTERS

Vision

To deliver better diagnostics solution to improve better health globally

Mission

- To be a global leading player in clinical diagnostics market by delivering market-driven and excellent value products and services
- To produce and deliver top notch quality and cost effective diagnostic test kits through operational excellence and high-performance standards
- To constantly developing new immunodiagnostic tools with the most practical and innovative approach

Our Products

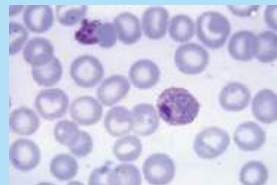

RAPID TEST FOR Diagnosis of Infectious Diseases

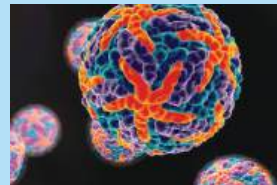

Lymphatic Filariasis

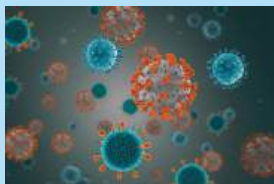

Typhoid

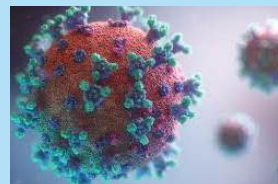

Malaria

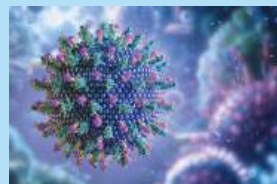

Dengue

Influenza A & Influenza B

COVID-19

Hepatitis B & C

RAPID TEST FOR Screening of Drug of Abuse

Single Dipstick Test

Combo Cup Test

Combo Dip Card Test

Quality Excellence

At Reszon Diagnostics, we are committed to delivering high-quality in vitro diagnostic (IVD) solutions that meet global standards. Our ISO 13485:2016-certified Quality Management System (QMS) ensures compliance with stringent regulatory requirements, emphasizing product reliability and patient safety.

Additionally, our Good Distribution Practice for Medical Products (GDPMD) certification guarantees proper importation, handling, storage, and distribution of our medical devices.

Through continuous improvement and strict quality control, we strive to provide trusted diagnostic solutions for healthcare professionals worldwide.

Our R&D and Collaboration

Our R&D team has professional expertise in various biotechnological areas with extensive experience in respective diagnostic field.

We collaborate with reputable industry leaders and scientists around the world to develop new immunodiagnostic tools in response to market demand.

Reszon also works closely with local Public Health authorities and WHO representatives in several countries in promoting disease elimination program.

Contract Manufacturing & OEM Services

Reszon Diagnostics provides end-to-end contract manufacturing & OEM services tailored to meet the needs of global partners. Leveraging proven operational excellence, regulatory-ready infrastructure, and scalable production capabilities, we enable efficient market entry and sustainable growth. Our flexible OEM solutions, combined with strong technical and regulatory expertise, ensure consistent quality, compliance, and long-term value creation across diverse rapid diagnostic portfolios.

Key Capabilities

Stringent Quality Control Protocols

Robust quality systems aligned with international standards to ensure product consistency and reliability

Flexible OEM Solutions

Customizable manufacturing models to support private labeling, co-development and strategic partnerships

Scalable Manufacturing Capacity

Production capabilities designed to support pilot runs through high-volume commercialization

Customized Product Packaging

Tailored packaging design formats and branding to meet specific market and customer requirements

Professional Technical & Regulatory Support

End-to-end support to facilitate product validation, registration, and market compliance

UJI SENDIRI, LINDUNGI KOMUNITI

#testyourselfprotectothers

It is a major milestone achieved by Reszon, with the **SALIXIUM COVID-19 Rapid Antigen Test (Oral & Nasal Swab Samples)** included in the **COVID-19 Care Package (PPC)**, announced by Malaysian government on 19 Sep 2021, which was expected to **benefit about 3.6 million Keluarga Malaysia's B40 families** in preparation for the COVID-19 endemic phase.

SALIXIUM - the trusted brand of COVID-19 RTK-Ag Self Test Kit

BIOSYNEX

BioSynex's Exclusive Distributorship for South East Asia

Reszon & Biosynex, France signed an Exclusive Distributor Agreement in Apr 2024 as part of strategic market expansion plan in South East Asia, Taiwan and Hong Kong.

Reszon is responsible for sales & marketing, product registration and distribution for BIOSYNEX.

- Ultra-portable instrument for measuring multiple parameters

Moving Forward

70%
AUTOMATION
by 2030

We aspire to automate 70% of our production by 2030 to stay ahead of the industry curve.

We believe this strategic investment will help us to further improve our production capacity and quality, and extending more resources to focus on next-level research & development.
